Product Recall Notice from Meijer

Name of Product: Touch Point Oscillating Ceramic Heaters

Units: About 13,000 units (6,700 originally recalled in November 2010)

Hazard: The oscillating mechanism in the heaters can short out, posing a fire hazard to consumers.

Incidents/Injuries: Meijer has received two reports of incidents involving fires that resulted in property damage. No injuries have been reported.

Description: This announcement involves previously recalled Touch Point oscillating ceramic heaters with model number PTC-902. The grey/silver color heaters are about 10-inches tall, have a black screen across the front and controls on the top. The model number and UPC code 7-60236-58339 are printed on a metal label/plate on the bottom of the heater. Some models have an additional digit in the UPC code, making it a 12-digit code. In addition, some heaters will have a UPC code 7-13733-29222 sticker on the bottom of the packaging box.

Remedy: Consumers should immediately stop using the recalled heaters and return them to the nearest Meijer retail store for a full refund of the purchase price. Consumers who purchased heaters from other retailers should contact Meijer to arrange a refund.

Consumer Contact: For additional information, contact Meijer at (800) 927-8699 between 9 a.m. and 5 p.m. ET Monday through Friday or visit the firm's website at www.meijer.com
